### **Pressure Vessels (LPG Gas Cylinders & Tanks), incl. Metal Products**

<b>Client</b>			
<b>Country</b>	<b>Project</b>		<b>Year</b>
Gas Filling Co. IRAQ	<b>LPG Cylinder Manufacturing</b>  Supply of production line for the manufacture of base rings & collars		2004
Gas Filling Co. IRAQ	<b>LPG Cylinder Repair Workshops</b>  Supply of manipulators for cutting & welding of base rings & collars		2004
Gas Filling Co. IRAQ	<b>LPG Cylinder Repair Workshops</b>  Supply of machinery & equipment for manufacturing of base & guard rings from old cylinders		2003
Gas Filling Co. IRAQ	<b>LPG Cylinder Testing</b>  Supply of quality control equipment & instruments (bursting pressure testing, tensile testing, etc.)		2003
Gas Filling Co. IRAQ	<b>LPG Cylinder Factory</b>  Supply of various equipment for manufacturing & repair of cylinders (strip feeding lines, dies, trimming / beading m/c, degreasing unit, welding m/c, valve screwing m/c, cooling tower, etc.)		2002
National Gas & Industrialization Co. SAUDI ARABIA	<b>LPG Cylinder Repair and Requalification Plant</b>  Engineering, supply of machinery and equipment, training of personnel, supervision of erection, start-up and commissioning for a highly automated plant with an annual capacity of 600,000 cylinders of 12 kg and 25 kg (one-shift operation)		2001
Gas Filling Co. IRAQ	<b>LPG Cylinder Factory</b>  Supply of blanking-, deep drawing & forming dies for LPG cylinders, roll bending m/c, cooling tower, etc.		2000
Gas Filling Co. IRAQ	<b>LPG Cylinder Repair Workshop</b>  Supply of painting unit for LPG cylinders		2000

<b>Client</b>			
<b>Country</b>	<b>Project</b>		<b>Year</b>
Gas Filling Co. IRAQ	<b>LPG Cylinder Repair Workshop</b> Supply of manipulators for cutting damaged base rings & collars		2000
Gas Filling Co. IRAQ	<b>LPG Cylinder Factory</b> Supply of consumable materials for manufacturing of LPG cylinders		2000
Executive Board for Industrial Projects LIBYA	<b>LPG Cylinder Factory</b> Supply of blanking & deep drawing dies for LPG cylinders		1999
Gas Filling Co. IRAQ	<b>LPG Cylinder Factory</b> Supply of blanking & forming dies for manufacturing of cylinder collars (valve guards)		1999
Executive Board for Industrial Projects LIBYA	<b>LPG Cylinder Factory</b> Engineering, supply of all machinery and equipment, training of personnel, supervision of erection, start-up and technical assistance for a factory with an annual production capacity of 145,000 cylinders of 11 kg and 2 kg (one-shift operation)		1997
Engineering Company for Metal Appliances EGYPT	<b>LPG Cylinder Factory</b> Complete plant engineering for a factory with an annual production capacity of 300,000 cylinders of 12.5 kg and 30 kg (one-shift operation), with additional facilities for the repair of used cylinders		1996
Saudi Gas Cylinder Factory SAUDI ARABIA	<b>LPG Cylinder Factory</b> Supply and modification of welding machines for circumferential welds		1993
Sofrenor MOROCCO	<b>LPG Cylinder Factory</b> Supply of valve socket welding machine and immersion-bath painting plant for screw craps		1993

## REFERENCES

### Pressure Vessels (LPG Gas Cylinders & Tanks), incl. Metal Products

Client Country	Project	Year
Isfahan Alloy Steel Complex IRAN	<b>Alloy Steel Plant</b>  Engineering, supply, training of personnel, supervision of erection and commissioning of a vacuum degassing (VD/VOD) station including alloy addition system for an alloy steel plant with an annual capacity of 30,000 t	1991
Tajigas IRAQ	<b>LPG Cylinder Factory</b>  Engineering and supply of conveying and welding equipment for an LPG cylinder factory	1989
Sofrenor MOROCCO	<b>LPG Cylinder Factory</b>  Engineering, supply, training of personnel and commissioning of a complete production line with an annual capacity of 800,000 cylinders of 3 kg, 300,000 cylinders of 12 kg and 10,000 cylinders of 35 kg in two-shift operation	1989
Oil Equipment Company IRAQ	<b>LPG Vaporizing Plant</b>  Engineering and supply of equipment for a 200 kg/h vaporizing plant to be integrated into an existing LPG cylinder plant	1987
Saudi Gas Cylinder Factory SAUDI ARABIA	<b>LPG Storage Tank Factory</b>  Engineering, supply, erection and commissioning of a complete production line for the manufacture of LPG storage tanks of 500, 1,000 and 1,750 kg with an annual capacity of 3,000 tanks in one-shift operation	1986
State Establishment for Oil Refining and Gas Processing IRAQ	<b>LPG Cylinder Factory</b>  Supply of one annealing furnace for LPG cylinders	1985
Saudi Gas Cylinder Factory SAUDI ARABIA	<b>LPG Cylinder Factory</b>  Technical management for a period of 7 years of an LPG cylinder factory with an annual production capacity of 550,000 cylinders	1982

### Pressure Vessels (LPG Gas Cylinders & Tanks), incl. Metal Products

Client		
Country	Project	Year
State Establishment for Oil Refining and Gas Processing IRAQ	<b>LPG Cylinder Factory</b>  Technical management of an LPG cylinder factory with an annual production capacity of 600,000 cylinders	1981
Saudi Gas Cylinder Factory SAUDI ARABIA	<b>LPG Cylinder Factory</b>  Engineering, supply, training of personnel, erection and commissioning of a complete production line with an annual capacity of 400,000 cylinders of 12 kg, 100,000 cylinders of 25 kg and 50,000 cylinders of 3 kg in one-shift operation	1979
Butiran IRAN	<b>LPG Cylinder Factory</b>  Complete plant engineering of a production line with an annual capacity of 500,000 cylinders of 12 kg, 500,000 cylinders of 2 kg, 300,000 camping cookers and 100,000 camping lanterns in two-shift operation	1978
State Company for Oil Projects IRAQ	<b>LPG Cylinder Factory</b>  Engineering, supply, training of personnel, erection and commissioning of a complete production line with an annual capacity of 600,000 cylinders of 12 kg in two-shift operation	1976
Société Nationale de Sidérurgie ALGERIA	<b>LPG Cylinder Factory</b>  Complete plant engineering of a production line with an annual capacity of 700,000 cylinders of 11/13 kg in two-shift operation	1974
Huta Silesia POLAND	<b>Panel Radiators Production Plant</b>  Engineering, supply, training of personnel, erection and commissioning of machinery and equipment for an annual production of panel radiators of 1,9 million m <sup>2</sup> heating surface	1973
